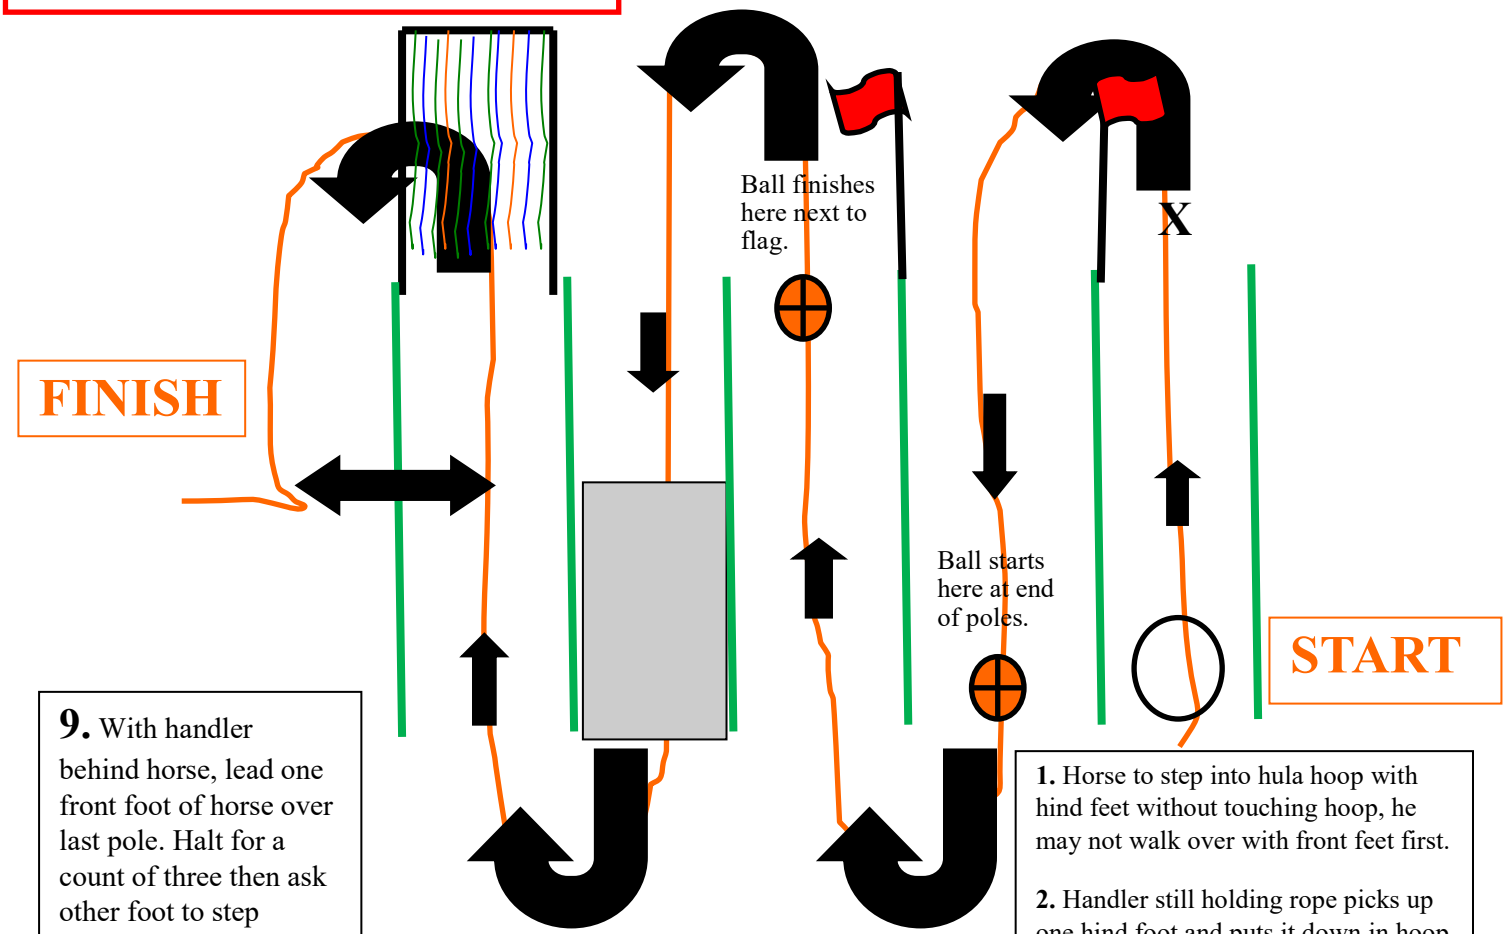
This month's course is made up of six poles, shown green in the picture, at least two horse lengths long arranged parallel to each other and each is one horse length apart from the other. A hula hoop, curtain, ball, tarpaulin and two flags are positioned on the pattern. Follow the arrows, a red line has been drawn to help you see the path you BOTH need to take except 5. The horse must not touch the poles at any time. The horse must not step over the poles except on obstacle 9 and 10. As the horse turns around the end of the poles he must follow the red line and not circle.

5. Handler asks horse to wait at X, passes round flags and **not through** them (he may step over the pole here) counts to five then asks horse to turn and backup through flags.

6. Still leading horse, handler to kick ball round corner from starting place at end of poles and finish in next pole corridor next to curtain without the ball touching the poles or going over them.



9. With handler behind horse, lead one front foot of horse over last pole. Halt for a count of three then ask other foot to step forward over pole. Wait for a count of three.

10. Back horse over pole without his feet touching it. Handler must remain behind horse.

Horse's feet must not touching pole in 9 and 10.

2. Handler still holding rope picks up one hind foot and puts it down in hoop then picks up other hind foot, and puts it down in hoop. He must stay on one side of the horse to do this and not change sides. Feet must not touch hoop.

3. Leaving horse to stand still in hoop handler walks **quickly** away to X. Handler must keep facing direction of travel.

4. Handler stands at X counts to five and, without moving his own feet, asks horse join him at a fast walk from the hoop without touching hoop.
