

## INDIGO LEVEL EQUAGILITY June 2025

This is a two phase class, there are only five obstacles to negotiate. First you must complete the five obstacles on the ground using lead rein, neck rein or liberty. Then with a neck rope only or nothing on the horse at all mount the horse and ride through the obstacles at the same pace as on the ground.

For safety bridles and saddles are allowed (with or without trees), you may use a bareback pad (no stirrups) or saddle blanket and surcingle or ride bareback. If you use the bridle rein you will lose marks. The filming must be continuous without a break between the groundwork and the ridden part so put any saddle onto your horse before you start. You may wish to put the bridle on between the groundwork and the ridden work. **THINK SAFETY AT ALL TIMES. DO NOT TAKE CHANCES** you will not be judged on your riding style but your ability to be with your horse as he carries you around the course. **Closing date for entries is 30th June 2025 WHEN YOUR ENTRY IS RECEIVED BY THE CLUB OFFICE YOU WILL BE SENT A UNIQUE ENTRY CODE. IF YOU DO NOT RECEIVE THIS CODE PLEASE CONTACT THE CLUB BY EMAIL - YOUR ENTRY IS NOT VALID WITHOUT THIS CODE. . REMEMBER you must keep your lead rope/ neck rope loose and keep moving forward between obstacles with no circling. If you do have a tight lead rope or neck rope, or a stop or circle BETWEEN obstacles you will lose a mark from the next obstacle's score.**

**Groundwork:** using lead rein, neck rein or liberty.

**Ridden:** rope around the neck  
THIS COURSE IS THE SAME AS ORANGE WHERE YOU CAN HAVE TWO REINS ATTACHED TO A HALTER, ONE REIN THAT CAN CHANGE SIDES AND A ROPE AROUND THE NECK.

IT IS ALSO THE SAME AS BLUE WHERE YOU CAN HAVE ONE REIN THAT CANNOT CHANGE SIDES AND A ROPE AROUND THE NECK.

**3. Flag Box.** Build a corridor using flags that is at least one horse length long, just wide enough to safely fit horse and rider into, and blocked at one end with a flag. You are basically building a trailer shaped flag alley. Lead your horse into the box so that his body is completely within the flags. Use as many flags as you can. Halt for a count of one then back out safely using any method. Handler can be anywhere on the ground.

**4. Pole.** Place a pole on the ground. Handler trots horse over pole with all four feet horse then turns round to walk back again over the pole with just his front feet and halt. Horse remains still over the pole for a count of three then walks on. Handler can be anywhere on the ground but neither horse nor handler's feet must touch the pole at anytime.

**2. Hula hoop.** Placed on the ground. Horse to step his front feet into the hoop and stand for a count of three before walking on. Touches with feet will lose marks.

**5. A pile of poles.** Make a pile of at least five poles so that the horse has to walk through carefully picking up and placing his feet to find his way through the poles. You will not lose marks if he touches the poles.

**1. Figure 8 pattern.** Place two markers, cones or barrels one horse length apart and lead the horse round in trot following the path of the red line in the diagram. Handler can be anywhere on the ground.
