

**Welcome to the world
of**

ANY OTHER ANIMAL AGILITY

YES you can now compete with other animals in Agility competitions!

No equines can compete in this competition.

This is a FUN class but every entry receives a score sheet and feedback.

May/June 2026 CLOSING DATE 30th June 2026

We have designed a simple agility course for you to build at home. You will need to adjust the size of each obstacle to suit the size of your animal. A hamster will need a much smaller course than a llama!! This month we have a simple obstacle course for you to set up. You will find the course plan on page 2 with instructions on how to complete it. Read the notes carefully so that you don't lose valuable marks!!

For this month's course you will need:

- 1. A tarpaulin.**
- 2. A pole.**
- 3. A hula hoop placed on the ground.**
- 4. A weave made up of three markers.**
- 5. Items to create a scary corridor.**

Here is your course diagram for Any Other Animal Agility (not equines) May/June 2026

Build the course as close to the plan as you can, following the instructions on how to build the obstacles on page 1. Follow the arrows as you complete the course. They are important!

You may use a headcollar, lead, neck rope or work your animal loose—at liberty, (fly rugs, protective equipment etc are allowed) You may use treats and clickers but NOT WHIPS OR STICKS OF ANY KIND. THE ANIMAL SHOULD BE SEEN TO BE OBVIOUSLY COMFORTABLE AS HE NEGOTIATES THE OBSTACLES. ANY ABUSE OF THE ANIMAL WILL RESULT IN INSTANT ELIMINATION FROM THE COMPETITION.

Complete the course in number order following the arrows and instructions shown in each box.

This is a ROUND course. If you have a round pen then you can use that (any size) If not then you could mark the edges of the circle with cones or tape and posts, if you are unable to mark the edge you can just build the obstacles in a circle shape (any size). **Please note blue circle in the centre! This is where the handler must stay at all times. Every time he leaves the circle he loses a point.**
